

Survive-OR-Thrive

The Scenario:

Teams that are not satisfied with the status quo – with just surviving – must **OUTWIT, OUTPLAY** and **OUTLAST** the competition. They must move beyond basic organizational *survival* and learn to *thrive*!

SURVIVE-OR-THRIVE is an energetic, competitive, and insightful team experience that will identify the key team skills that are needed to make thriving a reality, while building stronger team relationships and morale.

The Program:

- Participants will be strategically divided into competitive tribes
- Tribes must compete in a series of challenging activities
- Each activity will bring to life a key team skill required to “thrive” (ex. communication, trust, alignment, etc.)
- Vital roles will exist for all participants regardless of ability or activity level
- Tribe formation rituals, exciting reward challenges, and a unique closing ceremony will make SURVIVE-OR-THRIVE an unforgettable component to your meeting or conference

Program Outcomes:

- ü Elevating team spirit and morale
- ü Understanding and valuing each person’s unique contribution to the team
- ü Creating an environment that allows team members to get to know one another better
- ü Allowing the team to *play with a purpose*

“The Survivor challenges were exciting, engaging, motivating and fun. The different activities allowed our team members to put aside their inhibitions and develop their leadership and team skills. We gained an appreciation for each other’s strengths and unique abilities. My people are already asking for more!”
